Our Curriculum

Autumn Term

In the autumn our topic will be Stone Age and Darlington. We will learn about the daily lives of these groups and how they have influenced our lives today. Our Science topic is rocks and in RE we will be looking at Sikhism.

Spring Term

In the spring term, we focus on the geography rainforest. We look at where the world's largest rainforest is, the climate, the people who live there and the wildlife. In science we investigate plants, and look at how seed dispersal plays apart in their reproduction. Whilst in mathematics we focus on multiplication and division, money, statistics, length and perimeter and fractions.

Summer Term

In the summer term, we look at the impact of Ancient Egypt. We begin to build up a knowledge of the timeline of Ancient Egypt. We look at the geography of the country and the benefits the Nile River. Also, we look at the gods, the people and culture which they had, whilst comparing it to ours. In science we investigate forces and magnets. Whilst, in maths we look at fractions, time, shape and capacity.

Reading

Our children are encouraged to read at home at least three times a week for ten minutes to develop their reading skills and to share their books with an adult at home. We use reading records in Year 3 to communicate home with how the children are progressing with their reading.

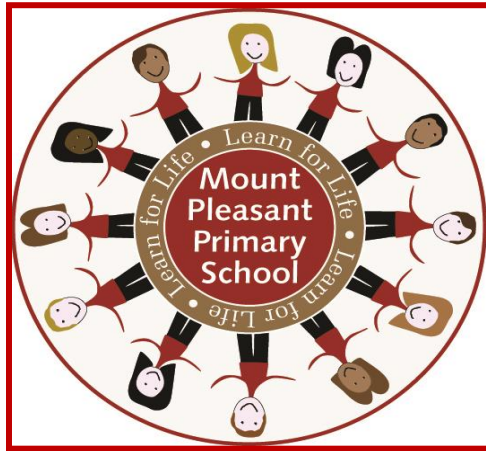

Class Novels

Homework

Each week children will receive a piece of maths and English homework based on the learning that has taken place this week. Additionally, we have an online learning platform (Class Dojo) where you and your child has an account to access online resources.

Mount Pleasant Primary

"Learn for Life"

Mount Pleasant Primary School provides a learning environment that opens up the world and takes the pupils on a journey to discover and challenge their thinking.

We aspire to ignite a passion for life-long learning.

To develop great thinkers who embrace challenges.

Promoting curiosity, enthusiasm and independence.

Welcome to Year 3

Meet the Staff

Teacher – Miss Clayton

Teaching Assistant - Mrs McDowell

Teaching Assistant - Mrs Atkins

Emotional Health & Well-being Zone

We think it is very important that all children and staff feel happy, comfortable and safe. Therefore, we have an Emotional Health and Well-being Zone. This allows children who are struggling with a certain feeling (either a positive or negative feeling) to access the zone. Once in the zone a member of staff may sit with the child to support their emotional well-being.
